

Libera

Uplifting harmony

Libera was born to give you the opportunity to design the space according to your desires. It is possible to choose between a wooden or glass front wall and, depending on your preferences, you can have it with or without a backrest.

Libera's name reflects its nature: a place that lifts your spirit. Every detail in the sauna is made to create a feeling of ease and lightness.

Libera is created in cooperation with the talented Italian architect Luca Donazzolo.

Key features

Lamp

Specially designed optional extra lamps can be added to the side walls.

External wall

Libera offers the opportunity to add external panels. An extra wall can be extended if a longer wall is desired.

External panelling

External panelling is available for the side and back walls. Front wall comes with glass or wood panelling option.

Aluminium base frame

The aluminium base frame under the sauna walls is durable, resistant and very suitable for humid rooms.

Floor

The floor grids are solid and durable and come with rubber strips, which prevent the floor from being slippery and the wood from being in direct contact with humidity.

Libera's wooden heater guard

beautifully matches the other interior materials.

Backrest

The backrest comes with a built-in LED strip to add light to the sauna room.
