

Nativa

Instil a sense
of calm

Nativa is a sauna with simplicity and rationality. It is designed to instil a sense of calm and tranquillity.

We call it Nativa because we want the space to feel like it matches your home. Its strong relief wall panels give you a sense of safety and the comforting feeling that you belong.

Nativa is created in cooperation with the talented Italian architect Luca Donazzolo.

Key features

Light

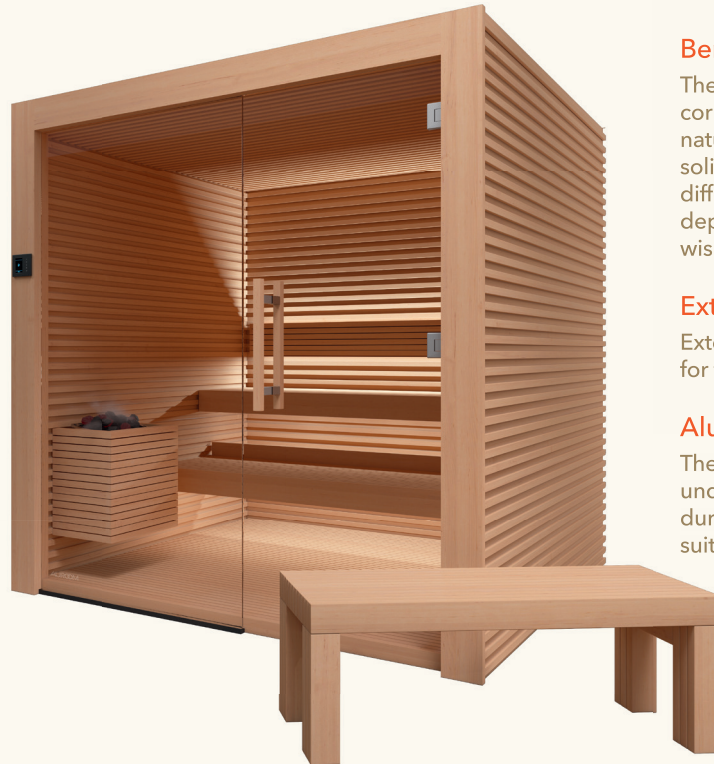

It is possible for you to change the mood in the sauna by adding an extra LED strip the lower edge of the backrests.

Heater guard

Nativa's wooden heater guard beautifully matches the other interior materials.

Floor

The floor is expressly designed to match the overall style. Its grids are solid and durable and come with rubber strips, which prevent the floor from being slippery and the wood from being in direct contact with humidity.

Bench

The bench design corresponds to the very nature of Nativa itself: solid and safe. There are two different lengths available depending on the needs and wishes of the sauna owner.

External panelling

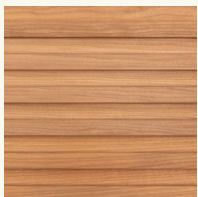

External panelling is available for the side and back walls.

Aluminium base frame

The aluminium base frame under the sauna walls is durable, resistant and very suitable for humid rooms.

Materials

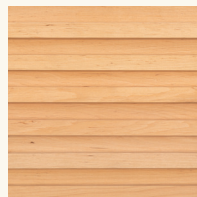

Thermo-aspen

Aspen

Alder

Dimensions

Left- or right-handed opening

180-250
